Reminder: It is against HISA rules to breeze a horse within 7-days of an intra-articular injection. If you inject a horse on Saturday, you cannot breeze the horse until the following Saturday. HIWU's testing program includes the testing of selected horses after routine timed workouts/breezes (Post-Work). This testing is separate from Vets List testing. Trainers will be notified of selection for Post-Work testing within one hour of a horse's completion of the breeze. For more information about medications that can be used in relation to a routine breeze, visit the News tab on [hiwu.org](http://hiwu.org) for the latest advisory. For questions, please contact Dr. Mary Scollay at (859) 489-7677 or Dr. Patti Marquis at (816) 516-5641.

Trainers: Please make sure your owners have turned in a 2024 W-9 to the horseman's bookkeeper. Checks will not be issued until the bookkeeper has the required information.

Failure to do so may result in penalties being assessed against the improperly licensed person and the trainer. Failure to produce your license upon request of Fairmount Security/IRB personnel may result in disciplinary action by the Stewards.
